

## PATCHER OHM SD

**Exceptionally flexible, highly abrasion-resistant hose for the transfer of sand, gravel, and other abrasive materials.** It performs especially well as a hose for road repair crews (commonly referred to as a "patcher"). Thanks to its high flexibility and reduced weight, it is easy to operate. Its durable construction ensures safe use and a long service life.

The hose is resistant to oily environments and harsh external conditions, including UV radiation. It is also fully conductive.

Inner wall	NR
Outer wall	NR
Reinforcement	Strong textile reinforcement
Temperature range	-25°C to +80°C
Conductivity	$R < 10^6 \Omega$ , $R < 10^9 \Omega$ through the wall
Norms	DIN ISO 4649 <65 mm <sup>3</sup>

Variant	Inner Diameter (mm)	Outer Diameter (mm)	Work pressure – BAR	Burst pressure – BAR	Bending Radius (mm)	Weight (kg/m)	Coil (m)
