

ARIA 40 PVC

Non-stick PVC pressure hose with reinforced construction. The polyester reinforcement enables the transfer of media or compressed air at pressures up to 40 BAR. It is ideal for use as a spray hose for applying plant protection agents or as an air compressor hose in mechanical workshops.

The hose's outer wall is resistant to abrasion, UV radiation, and ozone. It is suitable for contact with light chemicals and water-based solutions. The sturdy construction prevents twisting or collapsing during use.

Inner Wall	PVC
Outer Wall	PVC
Reinforcement	Polyester reinforcement
Working Pressure	40 BAR
Burst pressure	120 BAR
Temperature Range	-10°C to +60°C

Variant	Inner Diameter (mm)	Outer Diameter (mm)	Bending Radius (mm)	Coil (m)
26400008	8	14	40	100
26400010	10	16,5	50	100
26400013	13	21	70	100
26400016	16	24	80	50
26400019	19	28	100	50
